14. Cara melihat orderan yang telah selesai	40
15. Cara melihat pesan yang masuk	42
16. Cara ganti password untuk admin	44

1. Software yang perlu disiapkan untuk menjalankan website

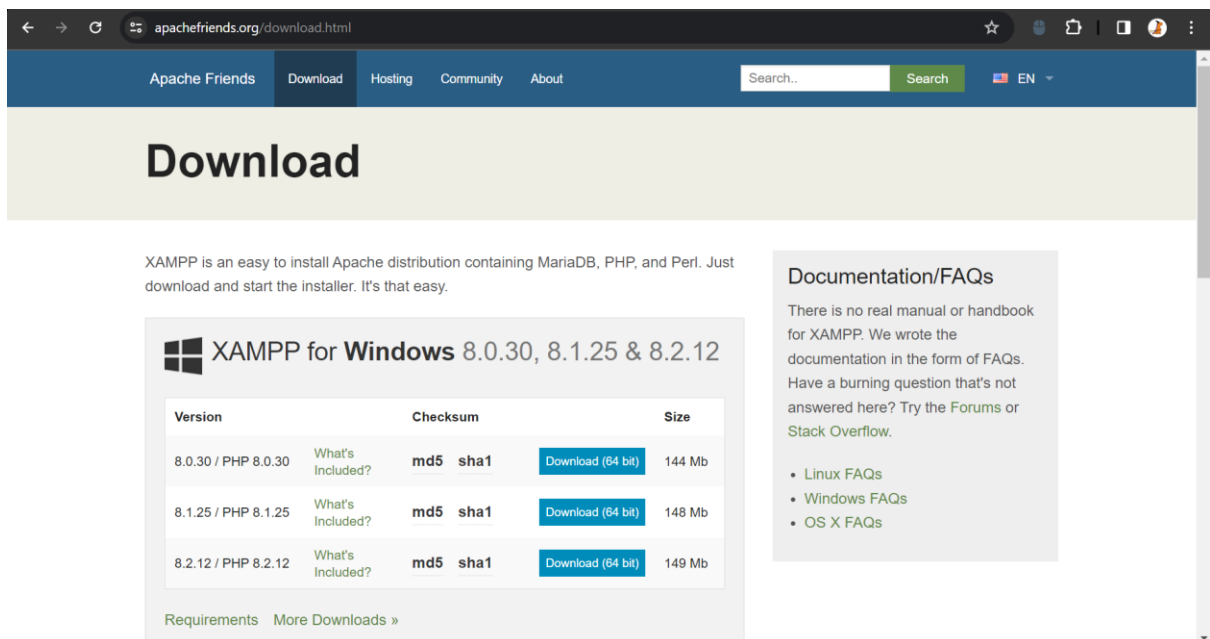

1. Instalasi Server Web:

Jika Anda menggunakan Windows, Anda bisa menggunakan XAMPP, WampServer, atau sejenisnya.

Untuk pengguna macOS, MAMP adalah pilihan umum.

Pengguna Linux dapat menginstal Apache, MySQL, dan PHP secara terpisah atau menggunakan paket distribusi seperti LAMP (Linux, Apache, MySQL, PHP).

Anda dapat download xampp pada <https://www.apachefriends.org/download.html> dan dapat memilih versi sesuai software anda.

The screenshot shows the Apache Friends website's download page. The header includes navigation links: Apache Friends, Download, Hosting, Community, and About. A search bar is also present. The main heading is "Download". Below this, a text block states: "XAMPP is an easy to install Apache distribution containing MariaDB, PHP, and Perl. Just download and start the installer. It's that easy." To the right, a "Documentation/FAQs" section mentions that there is no real manual and provides links to Linux, Windows, and OS X FAQs. The central part of the page features a table for XAMPP for Windows versions 8.0.30, 8.1.25, and 8.2.12. Each row includes a "What's Included?" link, checksums (md5 and sha1), a "Download (64 bit)" button, and the file size. At the bottom of the table are links for "Requirements" and "More Downloads »".

Version	Checksum	Size
8.0.30 / PHP 8.0.30	What's Included? md5 sha1	Download (64 bit) 144 Mb
8.1.25 / PHP 8.1.25	What's Included? md5 sha1	Download (64 bit) 148 Mb
8.2.12 / PHP 8.2.12	What's Included? md5 sha1	Download (64 bit) 149 Mb

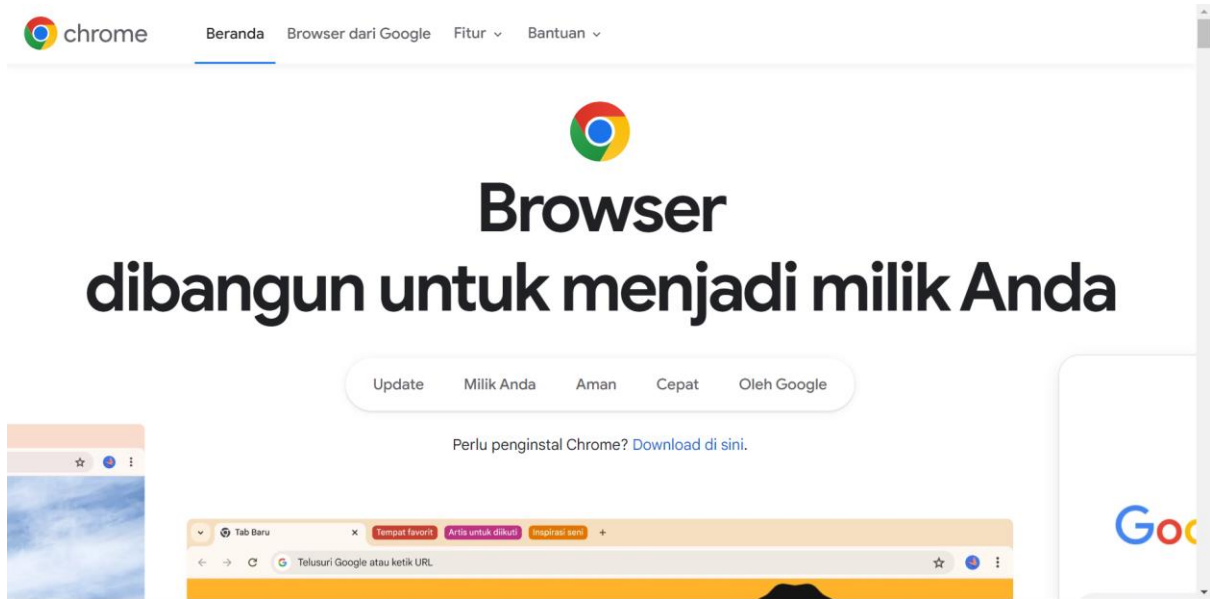

2. Instalasi PHP:

Pastikan PHP sudah terinstal di server web Anda. Jika Anda menggunakan XAMPP, WampServer, atau MAMP, PHP sudah disertakan.

3. Web browser

Untuk membuka program website anda membutuhkan web browser.terdapat beberapa web browser yang terkenal seperti google chrome,Microsoft edge dan mozilla firefox.

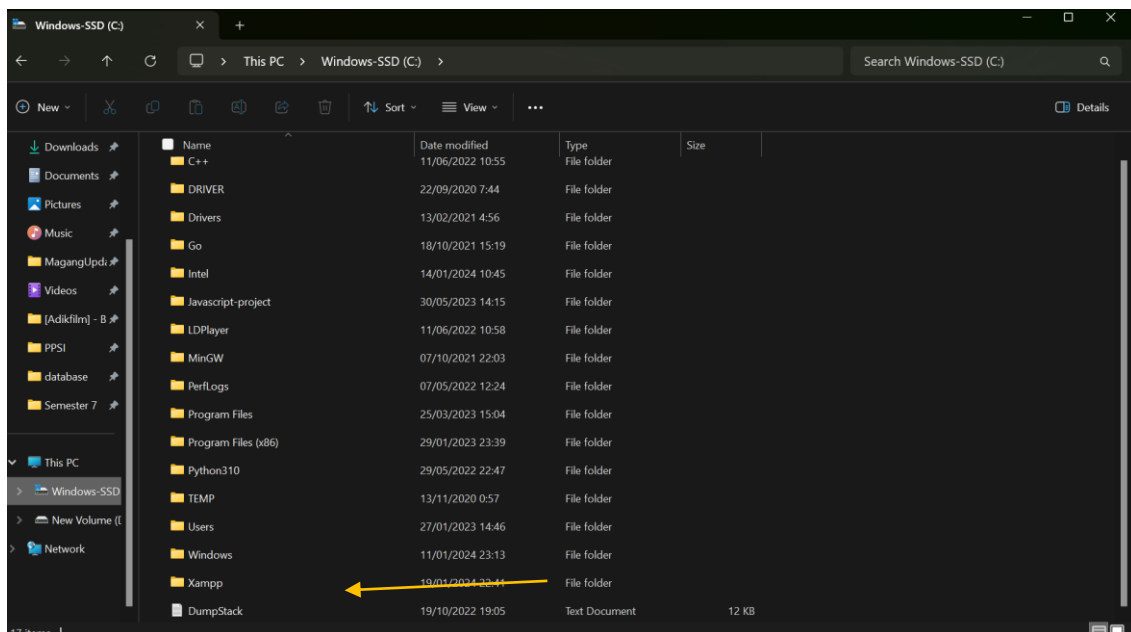

Untuk mendownload google chrome anda dapat menuju link berikut https://www.google.com/intl/id_id/chrome/

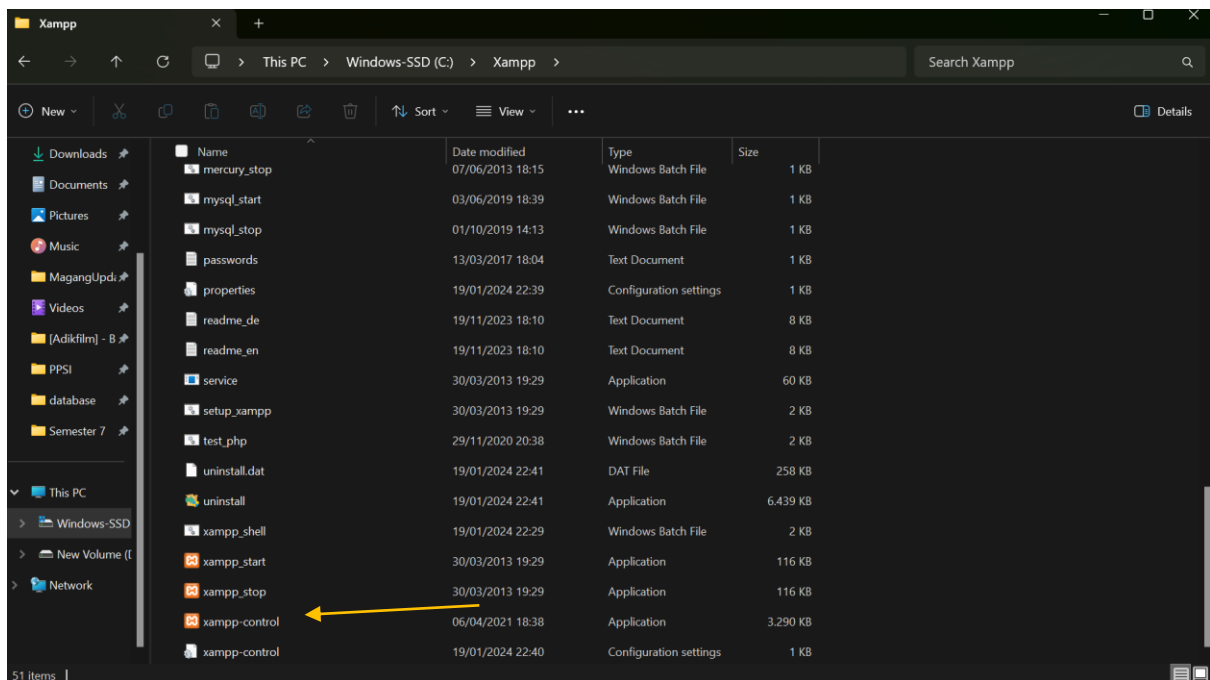

2. Cara menjalankan program di website

Berikut Langkah-langkah untuk menjalankan program di localhost di web browser

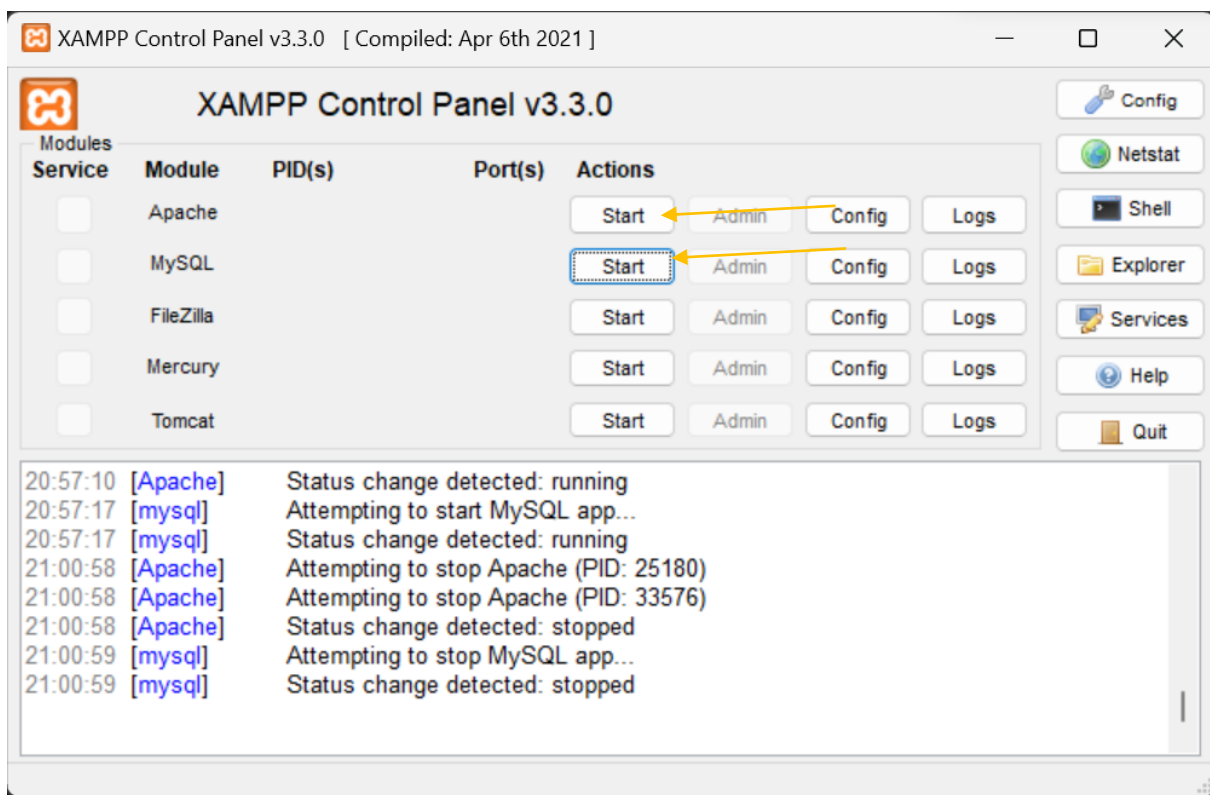

1. Buka folder Xampp

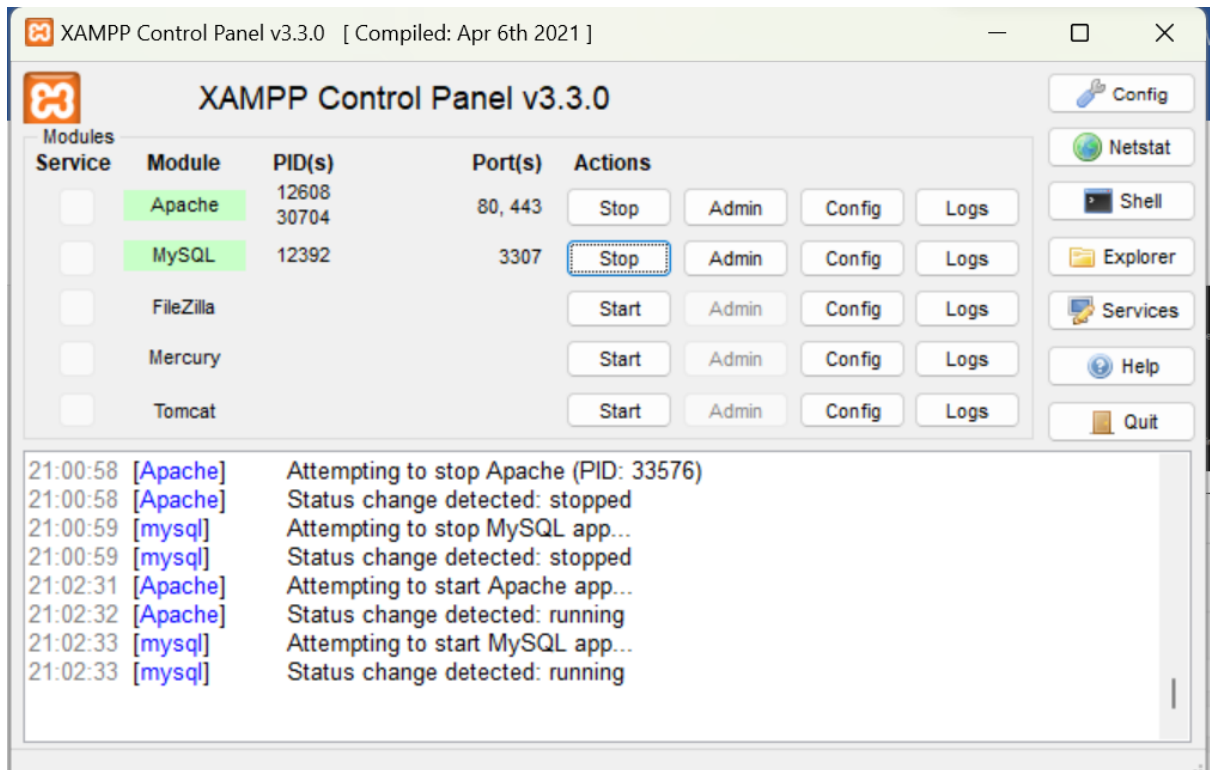

2. Jalankan xampp-control

3. Jalankan apache dan mysql pada xampp

Berikut adalah gambar xampp setelah dijalankan

4. Ketik <http://localhost/SSCleaner/index.php> pada web browser

5. Dan website pun tampil

3. Cara membuat akun di sscleaner

Berikut Langkah-langkah untuk membuat akun di sscleaner

1. Buka laman landing page sscleaner atau dapat Ketik <http://localhost/SSCleaner/index.php> pada web browser

2. Klik menu registrasi pada laman landing page ss cleaner

3. Selanjutnya bisa registrasi sesuai data yang diminta

Registration

 Username

 Full Name

 Password

 Email

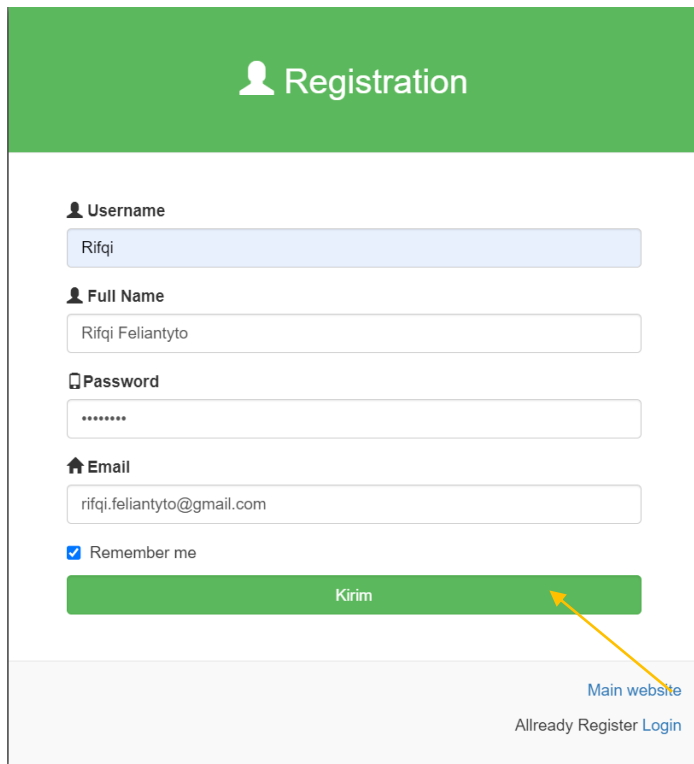

☒ Remember me

Kirim

[Main website](#)

Allready Register [Login](#)

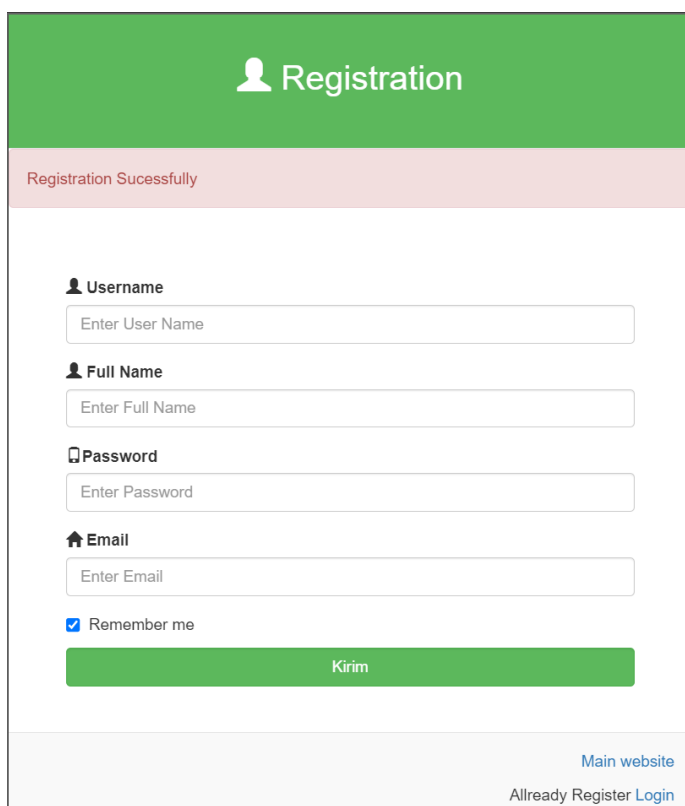

4. Klik kirim dan pastikan semua yang diminta telah terisi

The image shows a registration form titled "Registration" with a green header. The form contains the following fields and elements:

- Username:** A text input field containing "Rifqi".
- Full Name:** A text input field containing "Rifqi Feliantyto".
- Password:** A password input field with masked characters "*****".
- Email:** A text input field containing "rifqi.feliantyto@gmail.com".
- Remember me:** A checked checkbox.
- Kirim:** A green button with the text "Kirim". An orange arrow points to this button.
- Footer:** A light gray footer containing the text "Main website" and "Allready Register [Login](#)".

5. Setelah anda klik kirim selanjutnya akan ada notifikasi registration successfully

The image shows the same registration form as in the previous step, but with a success notification banner at the top. The banner is pink and contains the text "Registration Sucessfully". The form fields are now empty, and the "Kirim" button is still present. The footer remains the same.

Registration Sucessfully

- Username:** A text input field with placeholder text "Enter User Name".
- Full Name:** A text input field with placeholder text "Enter Full Name".
- Password:** A password input field with placeholder text "Enter Password".
- Email:** A text input field with placeholder text "Enter Email".
- Remember me:** A checked checkbox.
- Kirim:** A green button with the text "Kirim".
- Footer:** A light gray footer containing the text "Main website" and "Allready Register [Login](#)".

4. Cara login di sscleaner untuk user

Berikut Langkah-langkah login di sscleaner

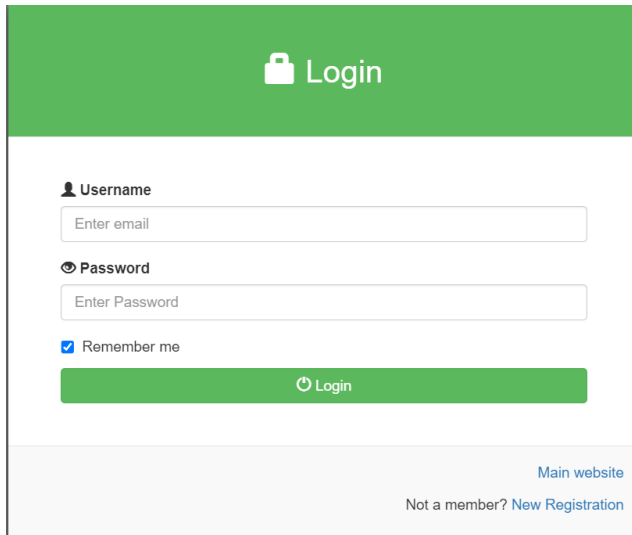

1. Buka laman landing page sscleaner atau dapat Ketik <http://localhost/SSCleaner/index.php> pada web browser

2. Klik menu masuk pada laman landing page ss cleaner

3. Selanjutnya anda bisa login sesuai dengan data yang anda telah isi pada bagian registrasi

The image shows a login form with a green header containing a white briefcase icon and the word "Login". Below the header, there are two input fields: "Username" with a placeholder "Enter email" and "Password" with a placeholder "Enter Password". A "Remember me" checkbox is checked. A green "Login" button is at the bottom. At the very bottom, there are links for "Main website" and "New Registration" for users who are not members.

7. Cara ganti password di sscleaner

Untuk mengganti password anda harus masuk ke halaman user dan dapat dilakukan dengan Langkah-langkah sebagai berikut

1. Klik menu login pada laman landing page ss cleaner

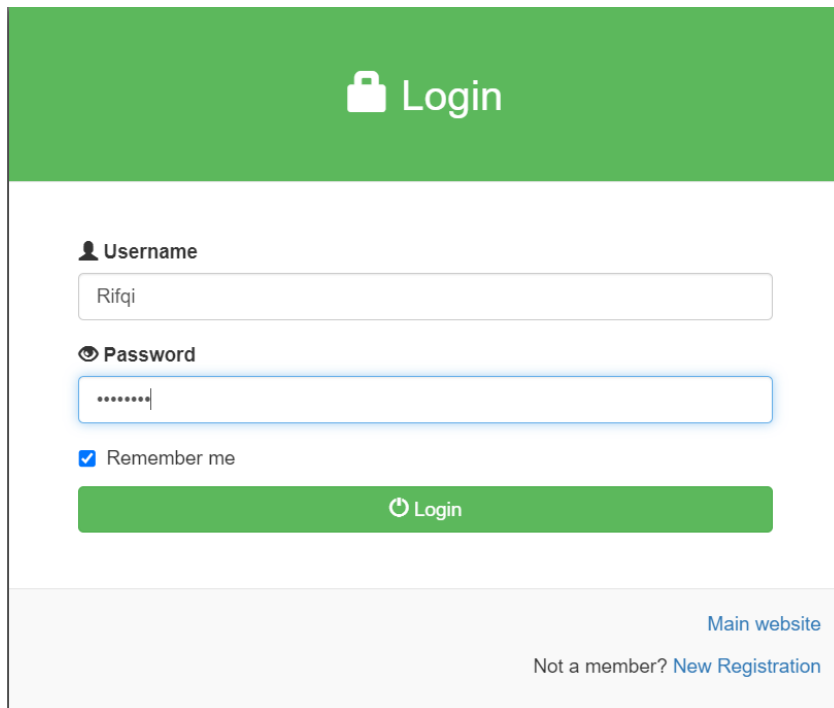

2. Selanjutnya anda bisa login sesuai dengan data yang anda telah isi pada bagian registrasi

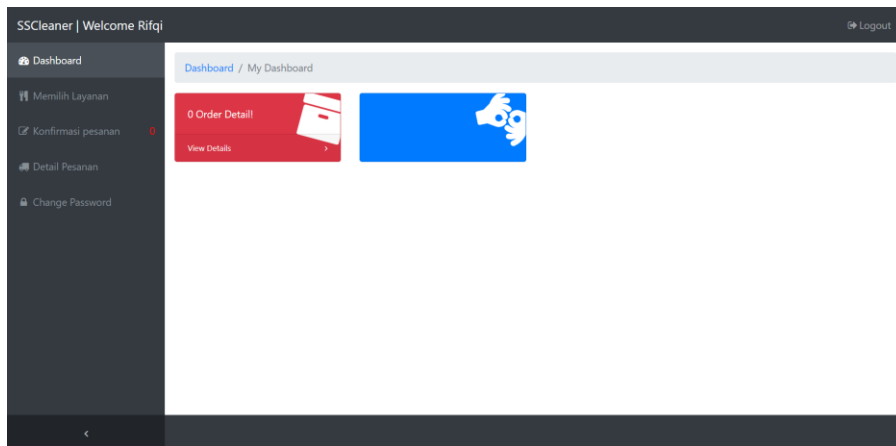

A screenshot of a login form. The form has a green header with a white lock icon and the word "Login". Below the header, there are two input fields: "Username" with a placeholder "Enter email" and "Password" with a placeholder "Enter Password". There is a checkbox labeled "Remember me" which is checked. Below the input fields is a green button with a white lock icon and the word "Login". At the bottom right, there are two links: "Main website" and "Not a member? New Registration".

3. Setelah anda isi data yang diminta pada laman login anda bisa klik button login

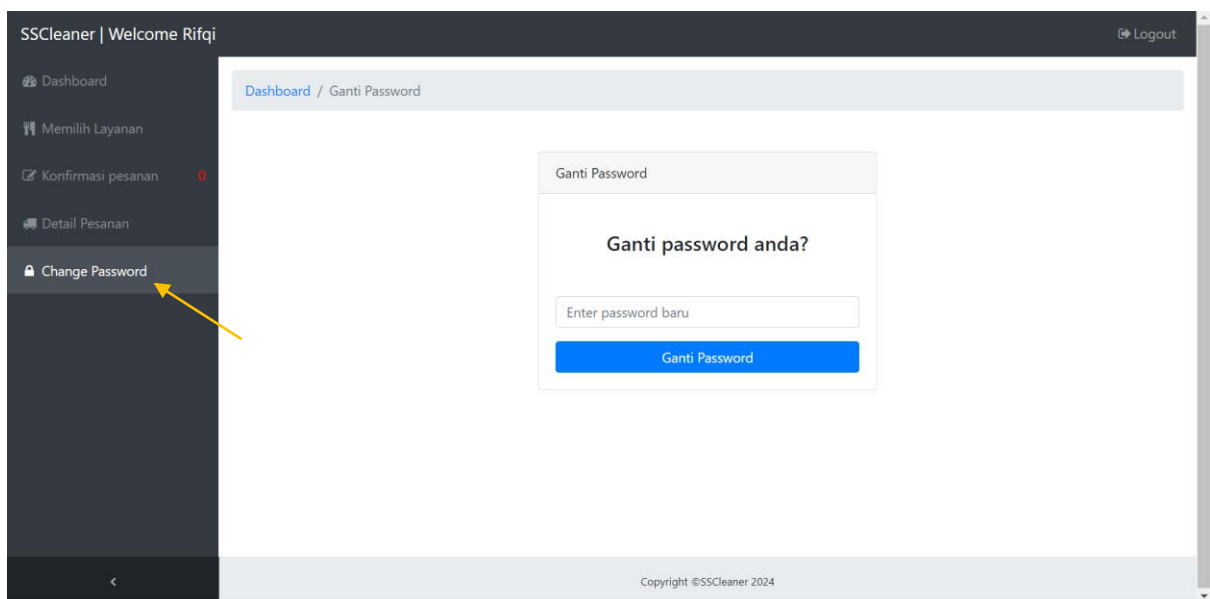

A screenshot of the same login form, but with data entered. The "Username" field contains the text "Rifqi". The "Password" field contains seven dots, indicating a password is entered. The "Remember me" checkbox is still checked. The green "Login" button is still present. The links "Main website" and "Not a member? New Registration" are still at the bottom right.

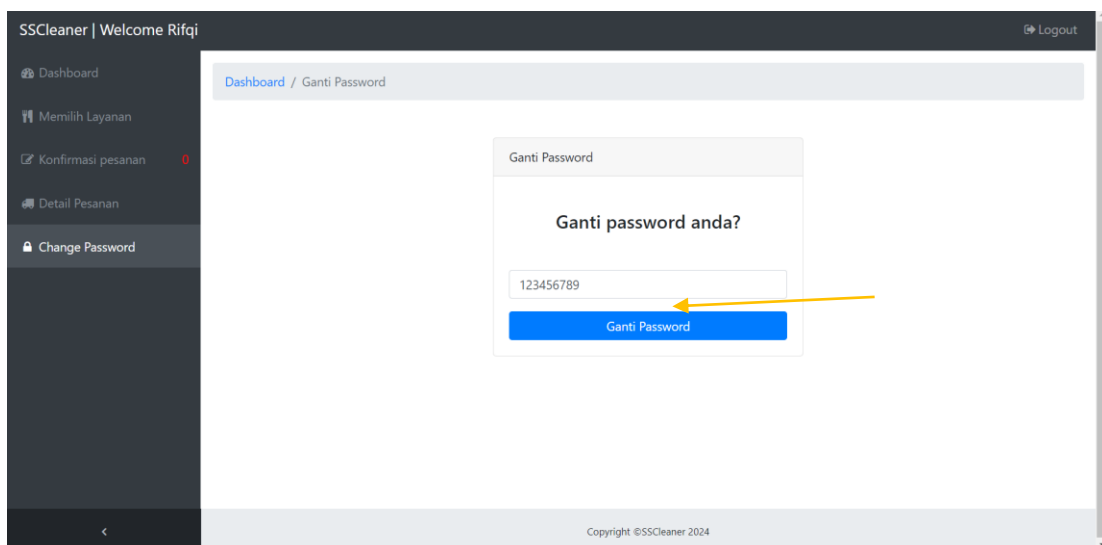

4. Setelah anda klik button login anda akan dialihkan ke laman dashboard untuk user

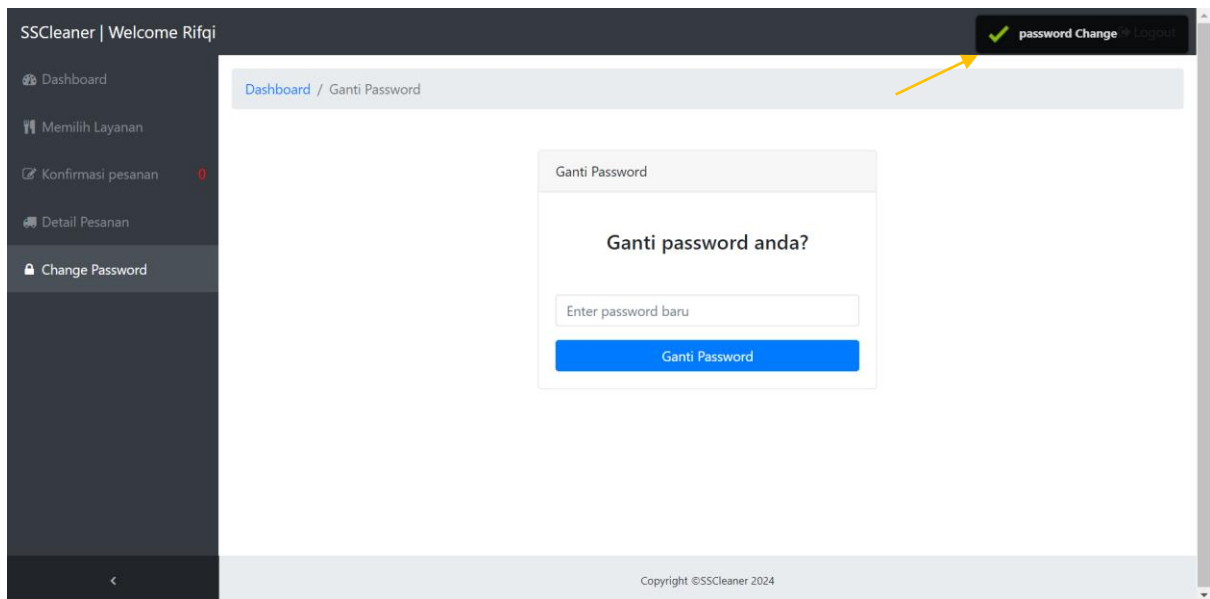

5. Selanjutnya anda dapat masuk ke menu change passord

6. Anda dapat memasukan password baru pada form setelah itu anda dapat klik button ganti password

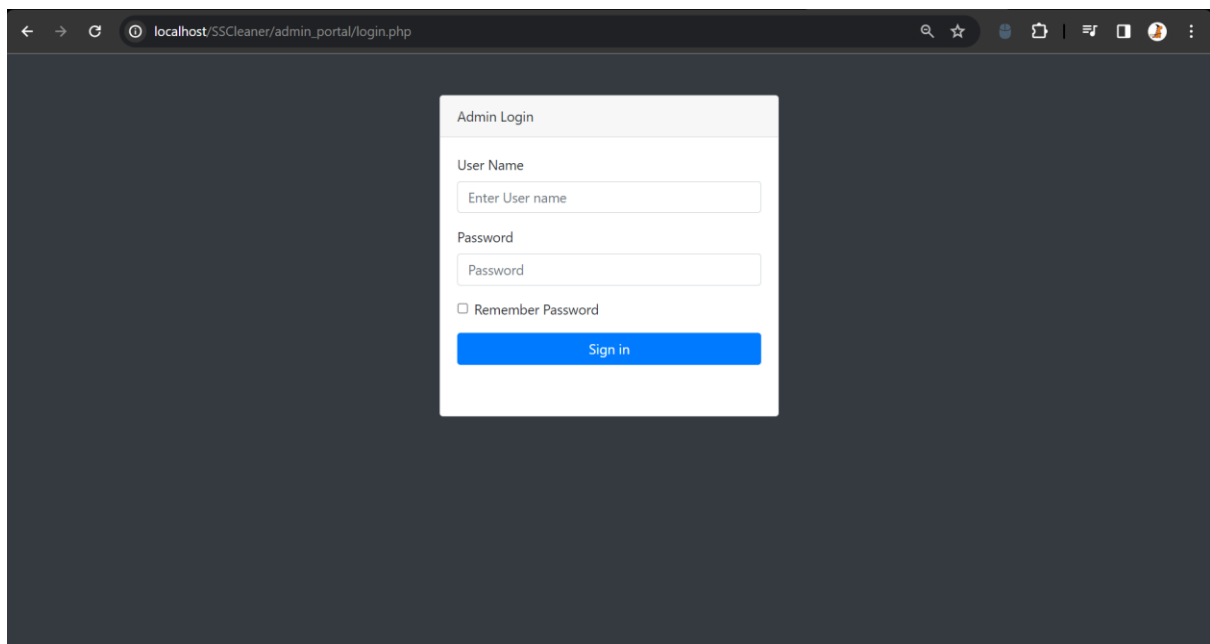

7. Setelah anda klik akan muncul notifikasi di kanan atas bahwa password telah terganti

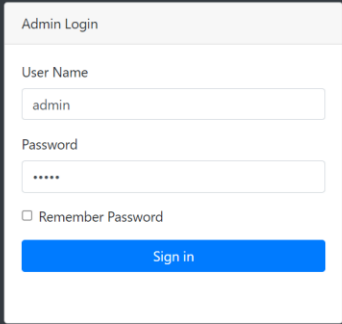

8. Cara login di sscleaner untuk admin

Berikut Langkah-langkah untuk login sebagai admin di sscleaner

1. Anda dapat Ketik http://localhost/SSCleaner/admin_portal/login.php pada web browser

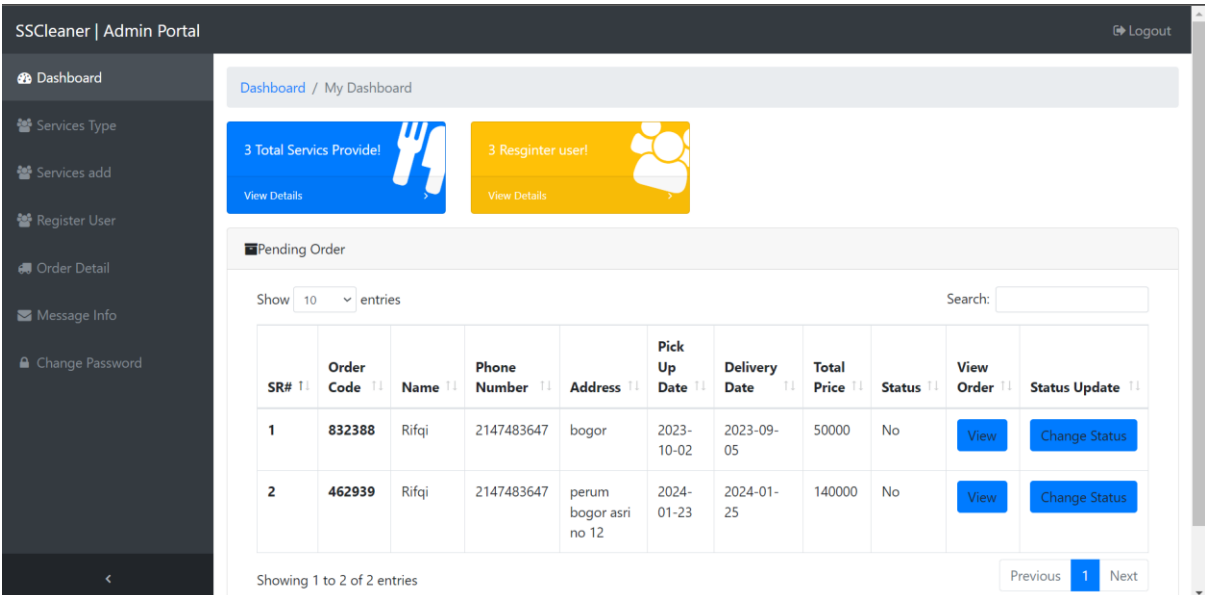

2. Selanjutnya anda dapat mengisi username: admin dan password: admin setelah itu dapat klik button sign in

The image shows a login form titled "Admin Login" on a dark background. The form has two input fields: "User Name" with the text "admin" and "Password" with six dots. Below the password field is a checkbox labeled "Remember Password" which is unchecked. At the bottom of the form is a blue button labeled "Sign in".

3. Setelah anda klik button sign in anda akan dialihkan ke laman dashboard admin

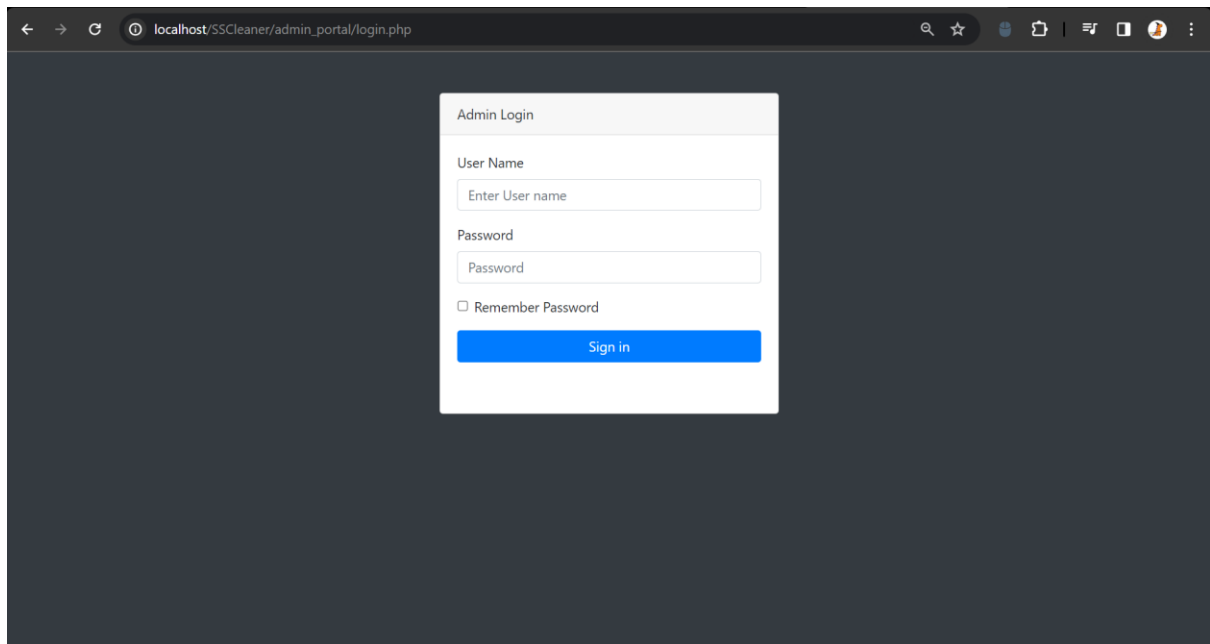

The image shows the "SSCleaner | Admin Portal" dashboard. On the left is a dark sidebar with navigation links: Dashboard, Services Type, Services add, Register User, Order Detail, Message Info, and Change Password. The main content area has a header "Dashboard / My Dashboard" and a "Logout" link. Below the header are two summary cards: "3 Total Services Provide!" (blue) and "3 Resginter user!" (yellow). The main section is titled "Pending Order" and contains a table with 2 entries. The table has columns: SR#, Order Code, Name, Phone Number, Address, Pick Up Date, Delivery Date, Total Price, Status, View Order, and Status Update. Below the table is a pagination bar showing "Showing 1 to 2 of 2 entries" and buttons for "Previous", "1", and "Next".

SR#	Order Code	Name	Phone Number	Address	Pick Up Date	Delivery Date	Total Price	Status	View Order	Status Update
